My grandfather had a very exciting life. When he was young, he lived in a farm in the country. His parents raised cattle, and he looked after the cows. When he was eighteen, he went to university, where he studied Philosophy. He also played the trumpet in a jazz band. When the war started, he tried to join the Air Force, but he ended up in the Navy. In the Atlantic, a German tornado ripped a hole in the side of his ship, and the ship sank. Only five men escaped .They sailed in a lifeboat back to England. Then he met my grandmother, and they married after only three weeks. He says now that he wanted to marry her very quickly in case he died in the war.
