

**EXERCICE 1B.1**

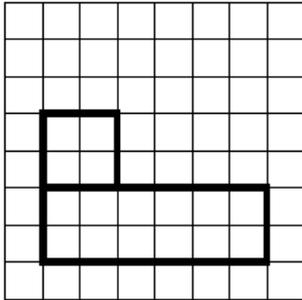

Le solide ci-contre est constitué par des cubes empilés :

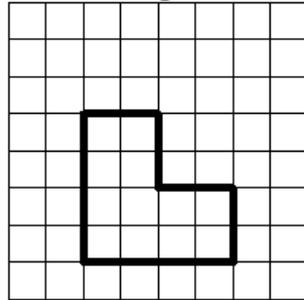

On a dessiné la **vue de devant** et la **vue de gauche** de ce solide. De la même façon, dessiner la **vue de dessus** et la **vue de droite**.

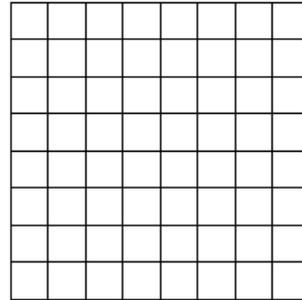

**vue de devant**

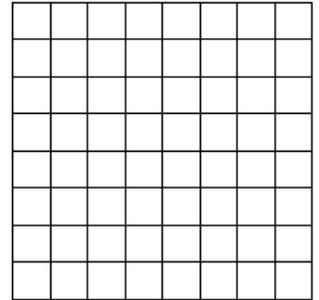

**vue de gauche**

**vue de dessus**

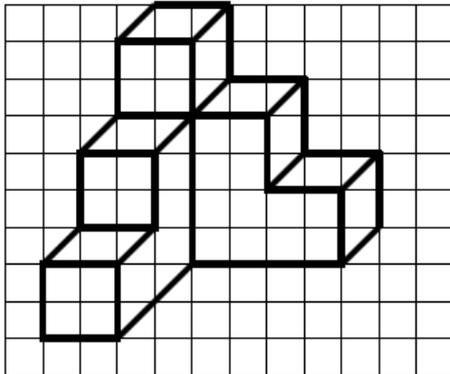

**vue de droite**

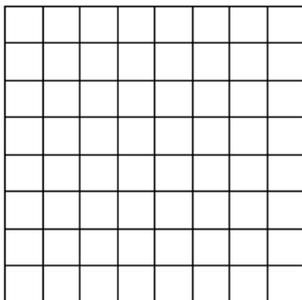

**EXERCICE 1B.2**

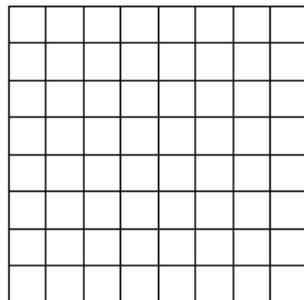

Dessiner les quatre vues de l'objet suivant :

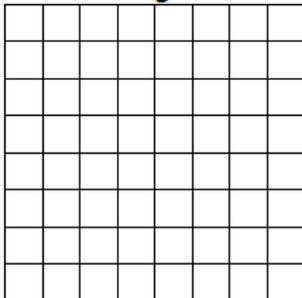

**vue de devant**

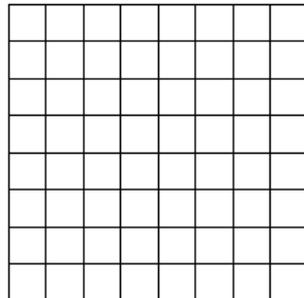

**vue de dessus**

**vue de gauche**

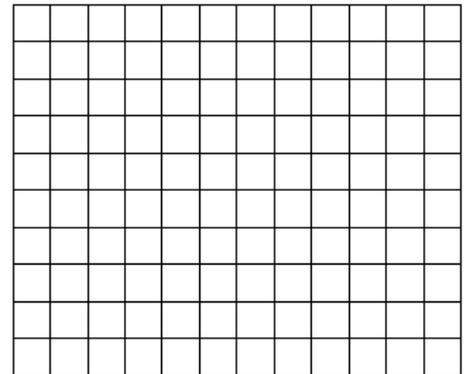

**vue de droite**

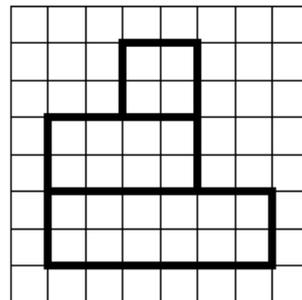

**EXERCICE 1B.3**

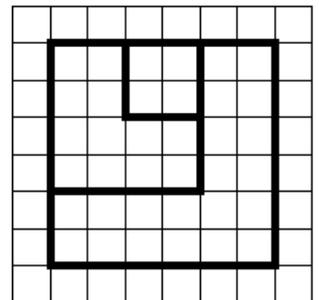

Représenter l'objet en perspective à partir des 3 vues données, puis dessiner la vue de droite.

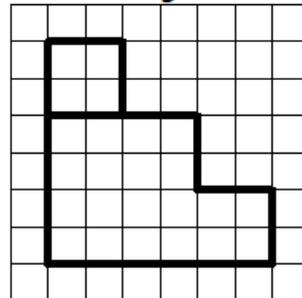

**vue de devant**

**vue de dessus**

**vue de gauche**

**vue de droite**
