I- Text

Amazing world

- A- The highest mountain in the world :

The highest mountain in the world is Mount Everest in Nepal. It is about 9 kilometres high. Edmund Hillary and Tenzing Norgay were the first people to climb it on May 29th 1953. At the top, the winds are very strong.

- B- The largest volcano in the world :

The largest volcano in the world is the Mauna Loa volcano in Hawaii. It is a very active volcano. The last time it erupted was on March 25th, 1984. It is about 19 kilometres high but only about 4 kilometres of this is above the sea.

- C- The largest ocean in the world :

The largest ocean in the world is the Pacific Ocean. It's over 166 million square Kilometres on March 30th, 2001, a man called Jim Shekdar became the first person to row across the Pacific alone. He finished his journey after 274 days! The deepest part of the Pacific Ocean is the Marianas Trench. It's 12,000 metres deep.
